UNIVERSITY OF THE WITWATERSRAND, JOHANNESBURG
School of Electrical and Information Engineering
ELEN7045 - SD Methodologies, Analysis and Design

Forum Postings Assignment

As part of the course, you are required to read certain articles, or watch certain videos, and participate in a critical discussion of the content. This discussion will take place on an online forum. The articles and videos are listed below. You are required to make an initial posting of a few hundred words, to **one** of the articles. You are then required to respond to at least **two** other postings (i.e. postings made by other people). You may respond to more postings if you wish.

The assessment grid for this assignment is available on the course home page.

Articles and Videos
Challenging Requirements - Gojko Adzic

The S.O.L.I.D. Principles of OO and Agile Design - Robert C Martin

DIP in the Wild - Brett L. Schuchert

Code as Design - Jack W. Reeves (**Only** the first essay 'What is Software Design')

Plagiarism

Refer to the *School's Blue Book* for an explanation of what plagiarism is and how to avoid it.

All instances of plagiarism from either the internet or within the class will be severely dealt with. No two students may have identical or overly similar postings.
